Chris Lynch was just 18 years old when he joined the Australian Army. Little did he know that he would soon be thrust into the heart of some of the most dangerous and bloody conflicts of the 21st century.

In Minesweeper Special Forces, Lynch recounts his extraordinary journey from raw recruit to seasoned Special Forces operator. He takes readers inside the secretive world of the SAS, revealing the rigorous training, the intense camaraderie, and the unbreakable bonds that are forged in the crucible of war.

Lynch served multiple tours of duty in Afghanistan and Iraq, where he witnessed firsthand the horrors of war. He describes the adrenaline-fueled firefights, the heartbreaking loss of comrades, and the moral dilemmas that soldiers face in the heat of battle.

But Minesweeper Special Forces is more than just a war story. It is also a story of hope, friendship, and redemption. Lynch writes about the unbreakable bonds he formed with his fellow soldiers, the mentors who guided him, and the civilians who welcomed him home.

Minesweeper Special Forces is an unforgettable first-hand account of courage, sacrifice, and the indomitable spirit of the Australian soldier. It is a must-read for anyone who wants to understand the true nature of war and the extraordinary people who fight in it.
